Dear Karolien Poels,

My name is Douglas Fabiano Lourenço, I am a professor and researcher in Brazil. I am writing to formally request your permission to conduct a scientific research project involving the translation and cultural adaptation of the Game Experience Questionnaire (GEQ).

The Game Experience Questionnaire (GEQ) has emerged as a valuable tool in assessing player experience across various research contexts related to digital gaming. Recognizing the importance of ensuring the validity and reliability of the instruments used, we are seeking to adapt the GEQ for the Brazilian Portuguese version.

Our research aims not only to translate the GEQ, but also to culturally adapt it, thus ensuring its relevance and applicability in our specific context. We intend to conduct this process with the utmost methodological rigor and respect for the intellectual property involved.

The research will be conducted exclusively among Brazilian researchers, and we would be grateful if we could obtain your formal authorization to proceed with this project.

Please send your response to this same email address.

Thank you in advance for your attention to this matter, and I look forward to your response. Please note that the original authors of the Game Experience Questionnaire (GEQ) will be cited in the article.

Sincerely,

Douglas Fabiano Lourenço

Dear Douglas

Yes, please go ahead. We would be honored if you would use the GEQ in your research.

Please keep me posted on the results. What university are you affiliated to?

Best

Karolien

Dear Karolien

The university I am affiliated with is Mackenzie University.

I'll keep you updated on production.

Yours sincerely,

Douglas Lourenço
